C2 WiFi Security Camera

Peace Of Mind For Homeowners.
Increased Profits For You.

Homeowners Want Security

Provide It Easily With The C2 WiFi Security Camera

Homeowners list intrusion detection as the number one problem they'd like addressed with a connected solution. The C2 WiFi Security Camera is the answer. It's a simple — and profitable — way to set your business apart by offering a home security solution.

Packed With Features Homeowners Want

Designed for indoor use, the C2 covers a wide spectrum of security needs to deliver peace of mind. It features an ultra-wide angle, 1080p high-definition view, and four detection zones that can be set for extra sensitivity or to ignore background motion like a ceiling fan.

Intelligent sound detection with advanced audio analytics identifies smoke and carbon monoxide alarms — even a baby crying. For instant monitoring, real-time mobile alerts can be sent to the homeowner as well as family, friends or neighbors.

Video capture is triggered by motion or sound. Video clips are stored on an included SD card. Plus, secure cloud storage of the past 24 hours is free.

FAST INSTALLATION

The C2 is easy to install and use. Options for mounting it on a wall, ceiling, or table top give you plenty of flexibility, and installation takes just minutes using the Honeywell Home app.

Best of all, it's intuitive to use. You'll be giving your customers an easy solution they'll value while setting yourself apart from other HVAC contractors by being a total home solution provider.

FEATURES

- Self-monitor using the Honeywell Home app
- Automatic home/away privacy mode through geofencing technology
- Two-way talk adds communication when needed
- Audio analytics to identify smoke and CO alarms or a baby crying
- Night vision/low-light control for visibility at all times of the day
- Extra-wide 145-degree viewing angle
- Industry-leading security through end-to-end data encryption
- 5-year warranty (professional channel only)

Part Of The Honeywell Home Family

The Honeywell Home platform gives you an ever-growing solution for meeting the connected home desires of today's homeowners. With the WiFi Security Cameras, The Round™ Smart Thermostat, T6 Pro Smart Thermostat, and the Bouy™ Water Leak and Freeze Detector, you have a wide range of opportunities to deliver comfort and peace of mind.
